

READY TO EAT FOOD PRODUCTS PLANT

F&B Projects | Business Consulting | Brand Management

Project Description: Convenience food (RTE) is a concept that has been around for a long time in the developed world, but it is new to the Indian market. The concept is quickly gaining popularity in the Indian market, thanks to shifting socio-economic patterns and an increase in the number of working couples. This type of food is becoming popular because it saves time and labour. Major players for this sector are Bikanervala Foods Pvt. Ltd., Darshan Foods, Gits Food Products Pvt. Ltd., Haldiram Foods International Pvt. Ltd, Heritage Foods Ltd., ITC Ltd., McCain Foods Ltd., McCormick and Company Inc., MTR Foods Pvt. Ltd., and Tyson Foods Inc.

Raw Material: Fruits & Vegetables, Cereals and grains, Additives, Flavours and Preservatives

Market: The ready-to-eat food market in India is projected to grow by \$751.43 million during 2022-2026, progressing at a CAGR of 18.63% during the forecast period. The changing eating habits of the general public have helped drive sales in the global ready-to-eat snacks market. Presence of a seamless retail sector, coupled with increasing demand for evening snacks, has aided market growth

Machines & Equipment: Extruder – Roaster – Mixer – Raw Material Mixer – Automatic Form, Fill & Seal Machine – Cylinders – Weighing Machine – Storage Racks.

Minimum Viable Plant Capacity	—	500 Kg/Hr
Plant and Machinery Cost (approx.)	—	5.0 – 6.0 Cr
Minimum Viable Project Cost (approx.)	—	9 – 11 Cr
Operational Days / Annum	—	300 days with 20Hr/day
Area required (approx.)	—	2500 – 3500 m ²

NOTE: Above mentioned figures and details are tentative. We recommend going for Techno-Economic Feasibility Study to understand the exact details of the project.
